Boogie Woogie Buggy Train.

**Start your wheels a-rolling , the signal's turned to green
Hear the whistle blowing, and see the puff of steam
The driver checks the time and calls out mind the doors
He gives a friendly wave and then the engine roars
come on everybody won't you climb aboard?
The boogie woogie buggy train, choo choo!
The boogie woogie buggy train choo choo!**

**faster than the doggies, faster than the cats
Over hills and under bridges, racing on the tracks
Faster than the buses, whizzing past the trees
Flying past the bicycles, move out the way please!
come on everybody won't you climb aboard?
The boogie woogie buggy train, choo choo!
The boogie woogie buggy train choo choo!**

**Now we're really racing, the birds and bees we're chasing
check the clock and you will see my train is right on time
Businessmen are pacing, coffees they are tasting
Leaving others far behind, no railway train's as fast as mine!
1,2,3,4!**

**Past the lambs a leaping, the cows munch on the grass
Those lazy pigs are sleeping as we go chugging past.
Now the train is slowing, the signal's coming down
The driver presses on the breaks, we're coming into town
come on everybody won't you climb aboard?
The boogie woogie buggy train, choo choo!
